## SUMMARY

Full Stack Web Developer with a background in Graphic Design and a dedication to learning.

Effective at combining creativity and problem solving to develop user-friendly applications.

Known among staff for strong wit and attention to detail no matter the complexity of the project.

## TECHNICAL SKILLS

Technical Languages: HTML, CSS, Javascript, Web APIs, Third Party APIs, Server-Side APIs, Node.js, Express.js, MySQL, Object-Relational Mapping (ORM), Model-View-Controller(MVC), NoSQL, Progressive Web Applications (PWA), React.js, MERN, State.js, Applications: Visual Studio Code, GitHub, Insomnia and Mongo

## PROJECTS

**LOCAL EVENTS APP.** | <https://github.com/DakotaK92/Project-1-Local-Events-App> | <https://dakotak92.github.io/Project-1/>

This project was designed to be an application to look up local events and get the weather for that event.

We used a couple APIs, like GeoCoding, PerdictHQ and OpenWeatherMap

**FONT FINDER** | <https://github.com/DakotaK92/Project-2-Font-Finder> | <https://dakotak92.github.io/Project-2-Font-Finder/>

This project was made to help the reader find a font for their website and have a blog to talk font to a community, we used Google Fonts for the main page. We used Express, Handlebars, MySQL, bcrypt and dotenv.

### PROJECT 3 | (link to website) | (deployment link)

-Describe what this can do-

## EXPERIENCE

### Equipment Operator / Productions FASTSIGNS

September 2021 - Present  
Carrollton, TX

In print production at FASTSIGNS, I would operate printing equipment, collaborate with the designer and associates, to ensure the quality of finished products. I work with various substrates and materials, troubleshooting technical issues and overseeing the printing process to deliver visually impactful signage solutions efficiently and effectively.

### Graphic Designer SIGN-A-RAMA

May 2021 - August 2021  
McKinney, TX

Working at SIGN-A-RAMA as a graphic designer involved designing signage solutions for clients, incorporating branding elements and visual communication principles. I collaborated closely with clients to understand their specific needs and preferences, creating mockups and prototypes for approval before final production.

### Amazon Package Handler Amazon

November 2020 - April 2021  
Mesquite, TX

Working at Amazon as a package handler involved sorting, scanning, and preparing packages for delivery in a fast-paced warehouse environment. Responsibilities included loading and unloading trucks, organizing inventory, and ensuring accurate labeling and packaging according to company standards. Working as a package handler I worked as part of a team to meet productivity goals and ensure timely delivery of customer orders in a pandemic.

### Tech Associate Target

May 2016 - November 2020  
Rockwall, TX

Working in the tech department at Target involved assisting customers with electronic purchases, troubleshooting technical issues with electronics and gadgets, and providing product recommendations based on customer needs. Responsibilities also included maintaining inventory, restocking shelves, and ensuring a clean and organized department.

## EDUCATION

**Full Stack Web Development Boot Camp Certificate:** SMU, Dallas, TX

Novmeber 2023 - May 2024

An intensive program focused on gaining techical programming skills in HTML5, CSS, Javascript, jQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handlebars.js, and React.js.

**Associates Degree in Graphic Design:** McKinney, McKinney, TX

January 2016 - May 2020

At Collin College, I learned Core Curriclum, Software Proficiency, Specialized Courses like Advanced Photoshop and Portfolic Development to acieve my degree.
